

NACCOP IS PLEASED TO INTRODUCE CLERY COMPLIANCE AWARENESS WEEK

WHAT IS IT?

Clery Compliance Awareness Week is a chance for you to help educate your campus community about what it means to comply with the Clery Act.

WHEN?

Clery Compliance Awareness Week:

October 5-9, 2020

October 4-8, 2021

October 3-7, 2022

October 2-6, 2023

October 7-11, 2024

October 6-10, 2025

WHY?

NACCOP recognizes the important value that Clery Compliance Officers and Professionals contribute to their institutions. This is an opportunity for you to share some of your knowledge with your colleagues and campus community. This is also an opportunity to educate the campus community about the importance of remaining in compliance and how they can be partners in that effort. This week follows the deadline for distributing the Annual Security Report (and

Annual Fire Safety Report, if applicable) or the Notice of Availability of the Report(s) to your students and employees and provides a timely opportunity to highlight the importance of the report.

Look for details to follow in the coming months.
Please contact info@naccop.org or 302.344.1068
with questions or suggestions.

**NACCOP is your one stop shop for tips and tools to use during
Clery Compliance Awareness Week or anytime of the year!**

NACCOP believes that Clery Compliance Officers and Professionals add tremendous value to their institutions. However, other campus departments may not understand the importance of maintaining compliance with the Clery Act. Taking time to educate your colleagues and students about the security and safety of the campus is of utmost importance and we believe that doing this following the publication and distribution of the Annual Security Report (and Annual Fire Safety Report) will only enhance the safety of the campus community. The ASR and AFSR are not just about statistics, but they provide an explanation of more than 100 institutional policies and procedures that are designed to enhance transparency and promote campus safety. Whether a laptop is stolen or someone is assaulted, it is imperative that members of your community know what to do, who to call, and what to expect once they file a report. Finally, taking an opportunity to educate your colleagues will undoubtedly assist with building relationships that can enhance the institution's ability to maintain compliance moving forward.

To help members increase awareness of campus safety and security and the availability of the ASR and AFSR, NACCOP will create several resources that will be available for use at your institution. Many of the resources can be tailored to meet the needs of your campus.
